Letter of recommendation – Synoptic Synapses, LLC

As the CEO of the HÜPPE Group, I would like to express our profound gratitude to **Synoptic Synapses, LLC** (operating under the brand of **Wagner & Experts**), who provide accounting outsourcing and legal services to our Russian representative office.

Wagner & Experts stand out by offering a **comprehensive package price** for their accounting services. They include everything a small representative office's chief accountant would normally do – for instance, unlimited verbal advice, providing powers of attorney or register extracts without extra charges.

They have been true to their word, highly competent, accurate, fast and helpful. We could exchange e-mails directly with our accountant, as she understands English and German. In short, the quality of service has been exceptional throughout, at an extremely competitive price.

I am enthusiastic about our partnership, which has helped us to significantly reduce cost and increase efficiency at the same time.

I sincerely hope that many other potential clients will recognize that opportunity.
